Task 3: Rosehip tea

Observe what happens in both beakers and describe the differences in the table:

Observation		Explain the difference between the contents of both beakers
1st beaker	2nd beaker	
		At the beginning of the experiment
		Describe the colour of the contents in both beakers after 20 minutes
		Try to explain, with the teacher's help, what happened in the beakers
		Taste the contents of both beakers and describe the differences of the tastes
